

Logan Bi-Sectional

Seat Depth 21in | 53cm

UPHOLSTERY > Fabric

LEGS > Solid Wood with Walnut Finish or Stainless Steel

The Logan Bi-Sectional balances comfort with a refined, modern style. The back cushions have a unique, channel-stitch detail which creates a subtle play of light and form. Compartmentalized cushions filled with loose-spun poly help to give the feel and comfort of down while maintaining a clean, crisp shape. Every sectional includes 2 sets of legs, allowing you to choose between a set of stainless steel legs or walnut finished wood legs to suit your style. The sectional is cleverly designed to allow the chaise to be positioned on the left or the right, so it can adapt to any room layout. Constructed with kiln-dried 100% FSC®-Certified hardwood.
