

Parkdale Bi-Sectional

Seat Depth 24in | 61cm

UPHOLSTERY > Fabric

LEGS > Solid Wood Block Feet

The Parkdale Bi-Sectional is a classic design that offers premium comfort along with clean, modern lines. The seat and back cushions contain eco-friendly synthetic-down fill, derived from recycled PET plastic. The fill is evenly distributed throughout sewn interior pockets, which provide maximum comfort while maintaining overall cushion shape. The chaise can be positioned on the left or the right side, allowing you to adjust the configuration to suit any room. Walnut-finished block feet are manufactured with 100% FSC®-Certified wood, in support of responsible forest management.
