

# TTP351HH

## High Heat + Cut Resistant Gloves

The TTP351HH glove represents Tilsatec's next generation of cut-resistant gloves. Providing 360° ANSI level A9 cut protection, this glove transcends the performance standard while maintaining extreme comfort, breathability, and dexterity.

This series is also certified utilizing the EN 407:2004 test standard for Flame Resistance and High Levels of Contact Heat. Contact Heat Exposure Levels (Non-Coated)  
 Level 1: 100°C (212°F) Results: 44 seconds  
 Level 2: 250°C (482°F) Results: 15 seconds

Our USA Manufacturing also allows Tilsatec to modify this product series to meet our customers' unique needs. Additions of palm coating, palm dotting, targeted reinforcements, extended cuffs, and Gleeves™ (gloves with integrated sleeves) are the most popular modifications.

### Product Specifications

|               |                       |
|---------------|-----------------------|
| Product Name  | N/A                   |
| Product Code  | 351HH                 |
| Sizes         | 7/S – 12/3XL          |
| Glove Base    | Tilsatec – RhinoYarn® |
| Construction  | Seamless knit         |
| Glove Coating | N/A                   |
| Cuff/Wrist    | Knit Wrist            |
| Origin        | USA                   |

### Packaging
