

GP3000SNF-KG

Extreme Impact Protection

The Tilsatec General Purpose Hand Protection Range is designed to deliver maximum comfort and dexterity, an ergonomic fit and design features that ensure your hands stay comfortable and protected.

The GP3000SNF-KG™ provides all the high quality design, fit, comfort and breathability you'd expect in our Tilsatec Rhino range but in a lightweight general purpose glove.

The sandy finish foam nitrile palm coating provides good wet grip and a reinforced thumb crotch gives added wear and abrasion resistance. Hi-vis TPR rubber pads to the back of the fingers and knuckles provide impact protection without compromising dexterity.

Ideal for use in construction, general laboring and assembly work or any environments requiring low level mechanical protection with impact.

Product Specifications

Product Name	GP KnuckleGuard
Product Code	GP3000SNF-KG
Sizes	7/S – 13/4XL
Glove Base	Knit 13 Guage
Construction	Knit
Glove Coating	Sandy finish foam nitrile palm coating
Cuff/Wrist	Integrated elastic Comfort-Cuff™ knit

Packaging

Case Quantity	144
Internal Packaging	12 pairs per poly bag

Performance

ANSI 105: 2016

CUT

EN 388: 2003

EN388: 2003 Mechanical Protection

Abrasion	Cut	Tear	Puncture
