The Embassy Sofa conveys a classic, mid-century style with tailored proportions and refined details. It features a button-tufted, tight back design with piping details throughout, and seat cushions filled with a luxurious feather blend. The frame is supported by a recessed, solid-wood base. Available in three vintage leathers, chosen for their unique grain characteristics that will age beautifully and develop a rich, natural patina over time. The Embassy is also available as a chair. Our leather hides are carefully selected for their raw, natural surface characteristics which make each piece unique.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit gusmodern.com for more information about our Trade & Contract programs.

Embassy Sofa

- Leather is top grain, aniline-dyed.
- Our leathers may have distinct surface characteristics, natural markings, and colour variations which differ from hide to hide and from one product to another, making each leather product unique.
- Tight back cushions are button tufted and constructed from medium density polyurethane foam covered in a Dacron wrap.
- Seat cushions are medium density polyurethane foam wrapped with a sterilized feather and poly envelope.
- Legs have Walnut Stain Finish.
- Plastic bumpers on all legs to prevent floor damage.
- Manufactured to meet California TB117-2013 fire safety standards without the use of flame retardant additives in the upholstery foam.
- Matches perfectly with the Embassy Chair.
