BASE > Solid Wood with Walnut Finish

The Belmont Media Stand is an architecturally inspired storage design that features the natural beauty of walnut. Designed for Hi-Fi and media components, a back panel opening in the cabinet allows for concealed cable management. Drawers provide storage to keep your living room uncluttered, while adjustable shelves and a sliding front panel let you reveal or conceal components. The Media Stand is part of the Belmont Storage Series, matching perfectly with the Belmont Credenza and End Table.
