

▶ BiMetal Line Voltage Thermostat Product Line

Tempro™ thermostats are designed to accurately regulate precise temperature in commercial, industrial, and agricultural settings.

NEW FOR **AHR**
2014

TP122, TP123, TP124

TP121, TP125

▶ INTRODUCING *BiMetal*

Tempro BiMetal thermostats are line voltage, snap action devices that accurately control your temperature requirements. Available to meet both ventilation or heating requirements, they are designed to operate in extreme conditions and are NEMA 1 rated. Tempro thermostats are a reliable and economical choice for many agricultural, industrial and commercial where dependability is a requirement
