

Myles Cabinet

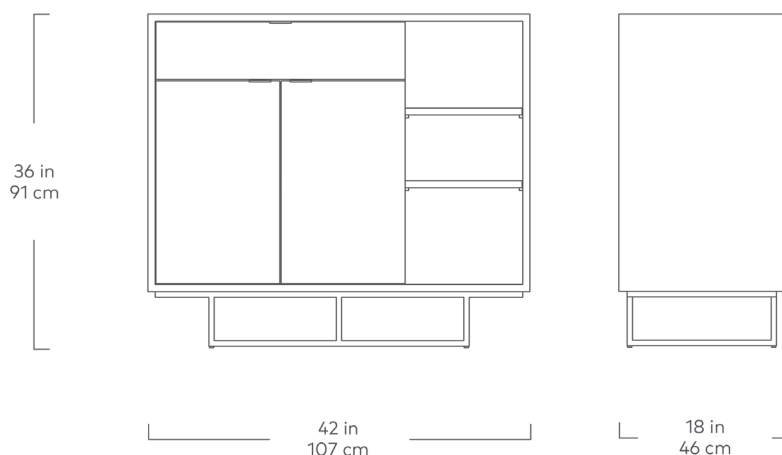

Black
Oak

The Myles Cabinet combines subtle details and craftsmanship to create a storage design that exudes simple sophistication. Rose gold handles contrast dark stained, chevron-patterned oak faces. A recessed, slender steel base with black, powder-coated finish creates an illusion of weightlessness. Adjustable shelves in the interior compartments and open storage area provide plenty of efficient storage space allowing this design to maximize functionality in a smaller and taller footprint. Part of the Myles Storage Series, this table matches perfectly with the Myles Media Stand, End Table and Credenza.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit guscontract.com for more information about our Trade & Contract programs.

Myles Cabinet

- Anti-tip hardware is provided.
