

## Bam Bam

Inspired by Australian river rocks under bubbling water with their smooth shape and cool natural tones, our Bam Bam rug is hand woven in Morocco from 100% New Zealand felted wool. Bam Bam has been created in a chunky, boucle style that is extremely hard wearing and soft underfoot.

### Product Details

**Specification** Each Bam Bam rug is hand made and may vary slightly in colour, texture & may feature slight size variations of 2-3%.

### Available Colours

Drift

Coral

Sand

### Care Instructions

#### Spot Cleaning

Treat any liquid spills immediately. Place a clean cloth or unprinted paper towel directly on the liquid to absorb the spill. Following this use a clean cloth, dampened with water and dab the affected area, do not follow a circular motion, simply dab and blot. Absorb any excess moisture after cleaning with a clean dry cloth or towel. For dirt marks, such as soil, simply allow the soil to dry and vacuum. If spills or marks remain, contact a professional hand made rug cleaning specialist.

#### Professional Cleaning

After time your rug will require professional cleaning. Any persistent or large stains will also require professional cleaning. Do not dry clean or steam clean rugs. Each Jordan rug is unique, and made of different fibres, we recommend contacting a professional rug cleaner who specialises in hand made rugs or contact Jordan for a recommended specialist cleaner.

#### Shedding & Lose Fibres

All rugs may shed and have loose fibres. Shedding will take place mostly in the 1-6 months of the rugs lifetime, but will slow over time. High traffic areas may always have a small amount of shedding. Simply vacuum any shedding fibres. For loose threads or ends - do not pull, simply clip them carefully with fabric scissors.

#### Care & Maintenance

The positioning of your rug will have an effect on the longevity and appearance of your rug over time. Avoid direct and continuous exposure to sunlight. Vacuum regularly to prevent dust and crumbs from settling into the pile. Rotate rug occasionally to equalize wear.
