MATERIAL > 100% Wool

The Gradient is a mid-pile, hand-tufted rug with a bright, multi-hued ombre pattern reminiscent of Modern abstract paintings. Handcrafted in India using 100% New Zealand wool, the rug is skillfully knotted, shaved and tufted by a single craftsman, giving it a plush feel and dense texture. Available in warm Ember or cool Boreal colourways, each in two different sizes, the Gradient is perfect for any space that needs a pop of colour.
