Flock Chandelier Small

Flock Chandelier Small  
Suspended Mount

Featherlight curlicues dance in the air. Evoking a murmuration of starlings sweeping across the sky, our Flock Chandelier casts shapes and shadows at every turn.

Wooden wings of sustainable ash, oak and walnut, weightless to the eye, soar together. Each individual steam bent component is handcrafted by our skilled workshop team and suspended from a solid oak top plate to create show-stopping impact. Illuminated by three filament bulbs, each piece of the intricate design is in constant motion, creating a wooden chandelier unlike any other.

To ensure your Flock Chandelier is the perfect fit for your space, please provide us with your preferred drop length (from the ceiling plate to the bottom of the chandelier) when ordering. Your bespoke piece will then be made to this custom height. If you have any questions regarding this or any other feature, please email [sales@tomraffield.com](mailto:sales@tomraffield.com) for assistance. Please note this is a bespoke handmade product and once it is commissioned it is non-returnable.
