

GP103KG

KnuckleGuard™ Mechanics Dot Palm Glove

The GP103KG incorporates the KnuckleGuard™ TPR impact pads in a similar black mechanics style glove to the original GP100KG but with a soft leather palm and silicon dot pattern to provide superb oil and wet grip.

The leather palm softens with use for a comfortable fit.

Hi-vis flashes to the TPR and back of hand allow hands to still be seen, while the black neoprene cuff and spandex outer hides dirt.
