Catena Modular Sofa

The embracing, beanbag-inspired shape of our low-slung Catena sofa is generously dimensioned for all-out relaxation and cosiness: we call it low living. Distinguished by soft curves and top-stitched seams, the homely, module-based designs are made with innovative microcellular foam that ensures maximum comfort as well as durability. The series comprises twenty individual modules that can be combined in multiple ways to create the desired expression.

Designed with the needs of the modern consumer in mind, the sofa now features a convenient, removeable cover, which can be easily removed for cleaning. Discrete Velcro fastenings underneath the sofa hold the cover neatly in place. Additionally, the inner structure of the Catena sofa is constructed with FSC™ certified wood.
