ROUND SOFA

Long hours of cozy conversation with MAMAGREEN's newest high-end sectional lounge

The most important trend for homes and commercial spaces alike is a return to informal, comfortable environments, where friends and family can enjoy a genuine sense of togetherness. Outdoor BABBO is not only perfect for nights spent around an open-air firepit. Semi-circular sofa sets are also in vogue for large outdoor spaces as diverse as gardens, rooftops and terraces.

Comfort is essential to facilitating true rest and relaxation. MAMAGREEN signature 100% outdoor cushions and best-in-class outdoor materials allow absolute flexibility, whether the lounge is placed inside, in covered outdoor areas, or completely exposed to the elements. Well-padded cushions are covered in famously water-repellent Sunbrella® textiles, with sealed seams and zippers. Any rain that manages to penetrate quickly drains out (without the cushion being repositioned or moved), due to the fully ventricated, quick-drying foam cores.

Finally, the scratch-resistant, lightweight powder coated aluminum frame is securely upholstered in French, waterproof faux leather Stamskin®. Configuring a BABBO lounge set is as easy as one, two and three! Both left and right hand curved sectional pieces have generous, soft-cornered, built-in side tables, in your choice of irregular width, recycled teak slats, or sleek Italian HPL available in three colors. Add the sectional curved middle piece in between, which may be doubled up for a really expansive, four-piece/8 seater lounge configuration. Alternatively, add a pair of new STITCH collection swivel accent chairs, ready for any extra guests, and possibly a round coffee table from MAMAGREEN's extensive selection.
