#### GAUGE:

25 stitches = 4 inches (10 cm) in ribbing. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

#### STITCH EXPLANATION:

#### STITCH PATTERN

**3 x 3 Ribbing**

**Row 1** \*Knit 3, purl 3, repeat from \*, end knit 3.

**Row 2** \*Purl 3, knit 3, repeat from \*, end purl 3.

Repeat these 2 rows for pattern.

**NOTES:**

1. Scarf can be made working less rows in each color. Working 30 rows of each color will make a scarf approximately 68 inches long.
2. To keep in pattern, remember that knit stitches look like a "V" inches and purl stitches look like a bump.
3. Original scarf is worked in order of colors listed here.

**SCARF**

With first color, cast on 33 stitches. Work in 3 x 3 ribbing for 40 rows. Join each color in order listed and work 40 rows of each color in ribbing as established. Bind off in ribbing. Weave in ends.
