GAUGE:

17 stitches + 21 rows = 4 inches in stockinette stitch (knit on right side, purl on wrong side) with 2 strands of yarn held together. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

NOTES:

Yarn used double throughout. If you start at the same place in the color repetition with both strands, the stripes will line up quite evenly. To work 2 strands from the same ball, pull from the outside and the center at the same time.

HAT

With 2 strands of yarn held together, cast on 80 stitches. Join, being careful not to twist, and knit every stitch around. Place a marker at the beginning of the round. Continue knitting for 6 inches.

SCARF

With 2 strands of yarn held together, cast on 35 stitches.

Row 1 (Wrong Side) Purl every stitch.

Row 2 (Right Side) Knit every stitch.

Repeat these 2 rows until Scarf is desired length or until you have about 1½ yards left. Bind off. Weave in ends.

Note The Scarf will curl in at the sides. Washing or steaming and laying flat to dry will smooth out the fabric, but it will always curl. That is part of the design.
