#### **POT HOLDER**

With 2 strands A (use both ends of skein), make a 36 in [91 cm] cord, cut yarn and fasten off.  
With 2 strands B, make a 12 in [31 cm] cord, cut yarn and fasten off.

With the A cord, tie it in a loose half-hitch knot. One end will be over the top loop and one end will be under the top loop

Bring the loose ends together and tie them.

Sew the ends together and then sew through the tips of the loops and make them pointed

Sew through the ends of each of the loops so that they are held at an acute angle and cannot shift.

Weave the B cord around in a circle inside the A piece as pictured, going over where the strands of the original knot go under. Tie the ends of the piece together and sew.
