GAUGE:

13 sts + 26 rows = 4 inches (10 cm) in Garter st (k every row) with Fun Fur on larger needles
When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

CUFFS

With smaller needles and Microspun, pick up 32 sts across one long edge.

Bind off all sts in rib.

Sew side seam to form a tube.

Make second cuff to match.
