GAUGE:

12 stitches + 24 rows = 4 inches (10 cm) in garter stitch (knit every row). When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

KNIT HAT

Cast on 54 stitches. Work in garter stitch until piece measure 8½". Bind off and sew side seams together.

Fold tube in half with seam at center and stitch back to front at center point on top. Bring center of two open sides to where you have just stitched, and stitch to the same point. **Note** You will have four open circles that meet in the center. Work all yarn ends into piece and trim.

KNIT SCARF

Cast on 18 stitches. Work in garter stitch for 72 inches or until you run out of yarn, leaving 36 inches of yarn for binding off. Bind off and weave in ends.
