#### GAUGE:

Gauge is not very significant to this project, since it is done to length. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

#### HAIR BAND

Cast on 8 sts.

**Row 1** Knit.

Rep Row 1 until piece measures desired length. Bind off, leaving a sewing length.

#### FINISHING

With large-eyed, blunt needle and sewing length, sew ends together.
