GAUGE:

9 sts + 16 rows = 4 inches [10 cm] in garter stitch (knit every row). When you match the [gauge](#) in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

[Making a Gauge Swatch](#)

NOTES:

A circular needles is used to accommodate the large number of stitches. Stitches are worked back and forth in rows.

Editor's Note: When creating fringe using Homespun please note that because of the texture of the yarn the fringe will fray when cut. If you prefer a non-frayed look you can knot the ends, [knit](#) or [crochet](#) a fringe, or use hairspray or fray check.
