GAUGE:

14 dc + 11 rows = 4 in. [10 cm]. BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you less stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

NOTES:

To change color, work last stitch to the point where there are 2 loops on hook, yarn over with new color to complete stitch.
