GAUGE:

12 stitches across and 20 rows down should measure 4 in. [10 cm] in garter stitch (knit every stitch on every row. BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you less stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

SHAWL

Cast on 60 stitches. Work in garter stitch (knit every stitch on every row) until the first skein of yarn is almost finished. At the beginning of the next row, attach a new skein of yarn, leaving a tail of both skeins. Continue working in garter stitch, attaching the third and fourth skeins in the same way. Continue until Shawl measures 60 in. [152.5 cm]. Bind off all stitches. Cut yarn, leaving a long tail. Thread the tail into a large-eyed blunt needle, and use the needle to weave the tail through the Shawl. Trim end of tail. In the same way, weave in the tail from the beginning of your work and the tails from where the second, third, and fourth skeins were joined.

FRINGE Cut 248 strands of yarn, each 13 in. [33 cm] long. For each fringe, hold 4 strands of yarn together and fold in half. Use crochet hook to draw fold through edge of piece, forming a loop. Pull ends of fringe through this loop. Pull to tighten. Make 62 fringes along both short sides with 8 strands of yarn in each fringe. Trim fringe evenly.
