GAUGE:

1 ripple = 3 1/2 in. (9 cm). BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you less stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

NOTES:

To change color, work last st of old color to last yarn over; yarn over with new color and draw through all loops on hook. Do not fasten off old color. Carry color not in use up side of work.
