CORRECTIONS: None

MATERIALS

- 760-201 Lion Brand Lion Cotton: Salt & Pepper
 - 1 Ball (A)
- 760-153 Lion Brand Lion Cotton: Black
 - 1 Ball (B)
- 760-112 Lion Brand Lion Cotton: Poppy Red
 - 1 Ball Small quantity used
- Lion Brand Knitting Needles- Size 8 [5 mm]
- Large-Eye Blunt Needles (Set of 6)
- Additional Materials
 1. 4 bobbins (we use spring-type clothes pins)
 2. Kitty litter (try and find a kind that says 'dustless' or 'low dust').
 3. Old pair of panty hose or tights, the legs need to be long enough to be able to stretch to 35 inches.
The denser the tights / panty hose, the less likely your snake will be to shed dust!

GAUGE:

14 St sts + 23 rows = 4"x4" (10cm x 10cm) on size 8 (5 mm) needles BE SURE TO CHECK YOUR GAUGE.

NOTES:

The snake has a diamond pattern running down its back. This is created on the outside edges of the piece and the snake is assembled by sewing together in the middle of the back.

Changing colors like this is a knitting technique called 'intarsia'. This is a great first intarsia piece because the color changes are very simple and the alternately colored areas are quite small, which makes them easier to do.

SNAKE

Wind two bobbins each of B and C with about 3 yards of yarn each (you can wind more when you need to.)

For bobbins, we used the kind of clothespins that have a spring in them. Clip the clothespin so only a short length of yarn is available for use, unwinding as you need and you'll find that your yarn does not get tangled up.

Bind off all stitches, leaving a long tail.

Ssssssid springs into action to defeat a draft!

FINISHING

Bring the long sides together, matching C and B areas. Pin if needed. Starting at the beginning of the red (C) color nearest the tail of the snake, thread the large-eyed blunt needle with the long tail of the red (C) yarn and sew the two sides together. Tie off yarn, leaving ends on the inside of the snake. Repeat for each red segment.

Rows 193-200 are the head of the snake. The end is the mouth.

Thread the large-eyed blunt needle with B (the black yarn) and, with the exception of the tail end beyond the portion already sewed together and the mouth, sew the rest of the back together. Tie off the ends of the yarn, leaving them inside the snake.

With C, embroider eyes on the head of the snake. For the tongue, cut an 8 inch piece of C and, on the inside of the snake, secure it in the middle of the mouth so that two ends come out the mouth.. Fold the mouth flat with the tongue in the middle and, with , stitch shut.

Cut one of the legs off the panty hose. Using a piece of paper rolled into a cone as a funnel, fill with kitty litter. so that the leg is filled to a point where it is about 2 inches wide for most of its length. Tie off end. Take it outside and shake well to get any dust out.

Turn the snake partially inside out. Place the knotted end of the stocking into the head end of the snake and put your hand into the snake (while it is inside out) and hold onto the end of the stocking inside the snake's head and then turn the snake right side out over the stocking, shaking the snake as needed to get the filled stocking inside. Once it is inside, position the stocking and the kitty litter so it is distributed as you'd like it.

Working from the outside, sew the tail of the snake shut. Shake so the filling is distributed as you wish and shape into position. Add a bow if you like!
