GAUGE:

Rectangle = 5 x 16 in. (12.5 x 40.5 cm)

EXACT GAUGE IS NOT ESSENTIAL TO THIS PROJECT.

BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you less stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

NOTES:

1. The instructions provided in the loom manual for casting on are the same for both flat knitting and knitting in the round (when you make a tube). These instructions are listed under the heading of SINGLE KNITTING.
2. Always knit in a clockwise direction around loom for single knitting in the round.
3. Contrast color peg is used to mark the beginning of each round for the Straps.
4. For Edging, loom is kept in the oval set-up to make it easier to hold. Knit only on the indicated stitches for Edging.
5. Once you've cast on for the Edging, work back and forth in rows.
6. Four Rectangles are woven, then sewn together to make Bag. Straps are knitted separately.

RECTANGLES (make 4):

Loom Configuration

Use the following pieces: (2) 36-hole pieces, (4) 12-hole pieces, (4) corner pieces.

Connect pieces to form a rectangle as follows: 36-hole piece > 12-hole piece > corner piece > 12-hole piece > corner piece > 36-hole piece > 12-hole piece > corner piece > 12-hole piece > corner piece.

Insert a small peg into every hole along each 36-hole piece, 12-hole piece, and corner piece around - 144 small working pegs placed (Use 17 for warp and 55 for weft). Insert one contrast color small peg in upper right corner for slip knot.

Follow loom manual instructions on WEAVING for how to set up the warp, weave the weft, and remove weaving from the loom. Holding Loom vertically, set up the warp around 17 pegs on top and 17 pegs on bottom of loom

using A.
Use B for weft.

STRAPS AND EDGING
