GAUGE:

16 sts + 24 rows = 4 in. (10 cm) in slip st patterns.

BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you fewer stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

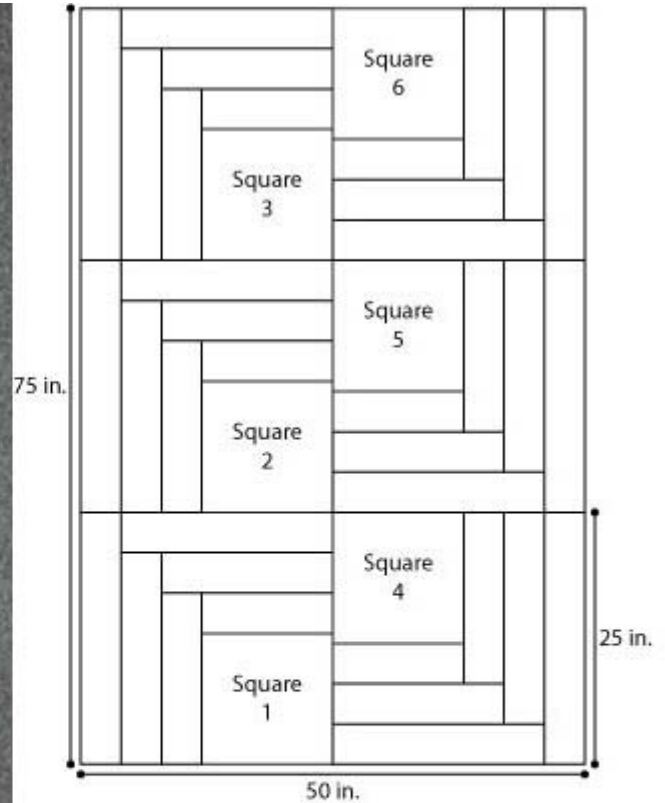

STITCH EXPLANATION:

RT (Right Twist) K2tog and leave on left needle, then with right needle, go between the 2 sts and k the first st again.

LT (Left Twist) Knit 2nd st on left needle through the back loop and leave on left needle. Then knit both the first and 2nd sts together through the back loop.

NOTES:

1. Throw is made from 6 Squares. All the Squares are worked the same, only the color combinations differ.
2. Each Square is worked in a log-cabin fashion; beg with a center square, then picking up sts for each 'Log'. Different slip st patterns are used for the center square and for each 'Log'.
3. Slip st patterns are worked with 2 colors. In each row, one of the colors is knit while the second color is slipped.
4. When slipping sts, with yarn in front (wyif) refers to the side of the work facing you as you work the row; with yarn in back (wyib) refers to the side of the work that is away from you as you work the row.
5. Completed squares are sewn together, following diagram, to make Throw.
6. You may wish to weave in the ends of each square as you complete it.
7. You may wish to line the Throw.

SQUARE 1

Center Square

With A, cast on 49 sts.

Knit 1 row.

Row 1 (RS): With B, sl 1 wyib, *k3, sl 1 wyib; rep from * to end of row.
