GAUGE:

9 pattern reps = about 4 in. (10 cm).

BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you fewer stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

NOTES:

1. The band is worked back and forth in rows, then the last row is joined to the first row to form a ring. The first rnd of the Hat is worked along one long side of band.
2. Hat is worked in continuous rounds. Do not join and do not turn at end of rounds.
