**GAUGE:**

18 sts + 25 rows = about 4 in. (10 cm) in St st (k on RS, p on WS) with A and straight needles. BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you fewer stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

**STITCH EXPLANATION:**

**kfb (knit into front and then back)**

An increase worked as follows:

1. Knit the next st through the front loop, but do not remove the st from your left hand needle.
2. Knit the same st once more, this time inserting your needle through the back loop of the st. You will have created 2 loops (sts) on your right hand needle.
3. Drop the st from your left hand needle - you have increased 1 st.

#### **NOTES**

1. When knitting in the rnd on double pointed needles (dpns), your sts need to be divided fairly evenly onto the needles. If you are working with a set of 4 dpn, your sts should be divided among 3 needles. If you are working with a set of 5 dpn, your sts should be divided among 4 needles. The total number of sts will not always be evenly divisible by the number of dpns that you are using - this is not a problem! Simply divide your sts as evenly as possible, you will still create a symmetrical 'tube' of knitting

2. Carry color not in use along WS of work.

### **Skirt**
