NOTES:

1. Headband is worked in Tunisian crochet (also known as Afghan stitch).
2. All rows of Tunisian Crochet are worked with the right side facing. Do not turn the work.
3. Each row of Tunisian Crochet is worked in two passes; a Forward Pass and a Return Pass. Loops are picked up and placed on the hook during the Forward Pass. The loops are worked off the hook during the Return Pass. Do not draw up a loop in the first vertical bar during a Forward Pass. The loop remaining on the hook after a Return Pass serves as the first loop of the next row.
4. A regular crochet hook is used, instead of a Tunisian hook, because only a small number of loops are held on the hook at one time.
5. Headbands are worked with 2 strands of yarn held together to create a dense fabric.
6. Wind each color yarn into 2 separate balls before beginning.
7. Change color at the end of a Return Pass by using the new color for the last yarn over.
