GAUGE:

12 dc = 4 in. (10 cm) and 11 rows = 6 in. (15 cm) with larger hook and working in Stripe pattern.

BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you fewer stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

STITCH EXPLANATION:

dc2tog (dc 2 sts together) (Yarn over, insert hook in next st and draw up a loop, yarn over and draw through 2 loops) twice, yarn over and draw through all 3 loops on hook – 1 st decreased.

TECHNIQUE EXPLANATION

STRIPE PATTERN

With RS facing, work 1 row with A, then, without turning, return to beg of row and work 1 row with B. Turn work and with WS facing, work 1 row with A and 1 row with B.

Rep these 4 rows for Stripe pattern, changing color every row and turning work every 2 rows. **Note:** Directions for turning work will not always be listed in row instructions.

NOTES:

1. Jacket is worked in one piece from neck to underarms, then piece is divided and sleeves and body are worked separately to lower edge.
2. Jacket yoke and body are worked back and forth in rows. Work 2 rows with RS facing, then turn work and work 2 rows with WS facing.
3. Sleeves are worked in the rnd, but turned every 2 rnds to match stitches on body.
4. To change color, work last st of old color to last yarn over. Yarn over with new color and draw through all loops to complete the st. Carry color not in use along side of piece or across the back of the piece until next needed.
5. Front bands and lower edging are worked once body and sleeves are complete. Neck trim is worked once front bands and lower edging are complete.
