GAUGE:

Motif 1 = 4 x 8 in. (10 x 20.5 cm)
Motif 2 = 4 x 4 in. (10 x 10 cm)

When you match the <u>gauge</u> in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

<u>Making a Gauge Swatch</u>

STITCH EXPLANATION:

rev sc (reverse single crochet) Single crochet worked from left to right (right to left, if left-handed). Insert hook into next stitch to the right (left), under loop on hook, and draw up a loop. Yarn over, draw through all loops on hook.

NOTES:

1. Car Coat is made from multiple different sized squares and rectangles, fitted and sewn together following a diagram.
2. To change color, work last st of old color to last yarn over. Yarn over with new color and draw through all loops to complete st. When necessary, fasten off old color. When appropriate, carry color not in use along WS of work.
3. Motifs are worked in joined rnds, with RS always facing. Do not turn at beg of rnds. Join with sl st at end of each rnd.
