GAUGE:

15 sts + 24 rows = about 4 in. (10 cm) in pattern.

BE SURE TO CHECK YOUR GAUGE. When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. If it takes you fewer stitches and rows to make a 4 in. [10 cm] square, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

STITCH EXPLANATION:

M1 (make 1) An increase worked by lifting the horizontal strand lying between needles and placing it onto the left needle. Knit this new stitch through the back loop - 1 st increased.

TECHNIQUE EXPLANATION

Cable Cast On Make a slip knot on left needle. Knit 1 st through slip knot, but do not drop slip knot from left needle; transfer new st from right needle to left needle - 2 sts on left

needle. *Insert right needle between first 2 sts on left needle; wrap yarn and pull through (as if knitting a st); transfer new st to left needle. Repeat from * for desired number of sts.

NOTES:

1. Earflaps are worked first. Sts are cast-on between Earflaps for front and back of Hat. Hat is then worked from lower edge upwards.
2. Always slip sts as if to purl.
3. With yarn in front (wyif) refers to the side of the work facing you as you work the row; with yarn in back (wyib) refers to the side of the work that is away from you as you work the row.
4. To move yarn from front to back or back to front, bring yarn between needles. Take care not to wrap yarn over a needle, this could create an additional st.
5. When changing color, do not cut old color until instructed. Carry colors not in use along side of piece.
