NOTES

1. Scarf is worked lengthwise, back and forth in rows, changing pattern sts and colors.
2. To start working with a new color, just drop the old color and begin working with the new color. For security, you can knot the ends of both colors together, then untie these knots when you finish the Scarf. Don't cut the yarn between color changes. Instead, just carry it along the side edge of the Scarf until you need it again.
3. To change color, just drop the old color. Pick up the new color and begin knitting with it. Take care when picking up the new color not to pull the strand too tightly or too loosely – it should just lay smoothly along the side of the Scarf.
