GAUGE:

6 sts + 4 rows = 4 inches [10 cm].

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

NOTES:

Size Adult Large will use all of MC ball. If foot length is greater than 11", work additional rounds of CC stripes in foot of Sock or additional MC as desired. Work both Socks to toe shaping to see if additional yarn will be required.
