GAUGE:

12 sts + 10 rows = about 4 in. (10 cm) in Tunisian Crochet;

One Block = about 3 in. (7.5 cm) measured diagonally.

NOTES:

1. Throw is worked in Tunisian Crochet Entrelac.
2. A regular crochet hook is used instead of a Tunisian hook, since only a small number of sts are held on the hook for each Block.
3. All rows of Tunisian Crochet are worked with the RS facing at all times. Do not turn the work.
4. Each row of Tunisian Crochet is worked in two passes; a Forward Pass and a Return Pass. Loops are picked up and placed on the hook on the Forward Pass, then worked off on the Return Pass. Do not draw up a loop in the first vertical bar of a Forward Pass. The loop remaining on the hook after a Return Pass counts as the first loop of the next row.
5. Each Entrelac Row consists of Blocks of Tunisian Crochet. Each Block is made by working rows of Tunisian Crochet over a small section of sts of the previous row. Row 6 of each Block is not worked in Tunisian Crochet, but is worked in a single pass of sl sts only. The yarn is fastened off at the end of each Entrelac Row and the next color is joined to the beg of the row for the next Entrelac Row.
6. The odd-numbered Entrelac Rows are made of 19 Blocks and the even-numbered rows are made of 20 Blocks.

COLOR SEQUENCE
Each Entrelac Row is worked with one color. Work color sequence as follows: one row each with A, B, C, D, E, F, G, and H. Rep this color sequence for the length of Throw.
