GAUGE:

One ripple = about 5 1/2 in. (14 cm) measured from peak to peak.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

STITCH EXPLANATION:

Cl (cluster) Yarn over, insert hook in indicated ch or sp and draw up a loop, yarn over and draw through 2 loops on hook, *yarn over, insert hook in *same* ch or sp and draw up a loop, yarn over and draw through 2

loops on hook; rep from * once more, yarn over and draw through all loops on hook.

NOTES:

1. Afghan is worked in a ripple crochet pattern. The ripple pattern is easy to do, but it's important to remember that you may need to work several rows before the ripple pattern becomes clear.
2. The ripple pattern consists of alternating ch-3 sp "peaks" and skipped sp "valleys". Take care to keep the peaks and valleys of each row aligned. (3 dc, ch 3, 3 dc) shells are worked into the ch-3 sp peaks, and a sp is skipped at valleys.
3. To change color, work last st of old color to last yarn over. Yarn over with new color and draw through all loops to complete st. Fasten off old color.
