## **BRACELETS**

### **Diagonal Even Stripes Bracelet**

(Sample was made with A, B and C)

Cut an 80 in. (203 cm) long strand of each of any 3 colors.

Following Diagram #1, fold strands in half and tie into an overhand knot at center, leaving a 1/2 in. (1.5 cm) long loop. With packing tape, secure knotted end of strands to a table or other flat surface.

Following Diagram #2, arrange the strands so that strands 1 and 2 are both the first color, strands 3 and 4 are both the second color, and strands 5 and 6 are both the third color.

The Diagonal Stripes Bracelet is made from left hand basic double knots. Refer to Diagrams #3 and #4 for how to make a left hand basic knot. Beginning on the left side with strand 1, and following Diagram #7, tie the first left hand double knot. Hold strand 2 tightly and knot strand 1 over and under strand 2. Pull strand 1 to the left to tighten. Repeat to make a double knot.

For second knot, follow Diagram #8. Hold strand 3 tightly and knot strand 1 over and under strand 3. Pull strand 1 to the left to tighten. Continue to tie double knots with strand 1 over strands 4, 5 and 6.

Begin the second row by starting on the left again and following Diagram #9. Continue tying double knots left to right across all strands. Referring to Diagram #10, repeat until the Bracelet is about 7 in. (18 cm) long, or desired length to fit your wrist.

### **Chevron Bracelet**

(One sample was made with D, E, F; the other with G, H, I)

Cut an 80 in. (203 cm) long strand of each of any 3 colors.

Following Diagram #1, fold strands in half and tie into an overhand knot at center, leaving a 1/2 in. (1.5 cm) long loop. With packing tape, secure knotted end of strands to a table or other flat surface.

Following Diagram #2, arrange the strands so that strands 1 and 6 are both the first color, strands 2 and 5 are both the second color, and strands 3 and 4 are both the third color.

The Chevron Bracelet is made from both left and right hand basic double knots. Refer to Diagrams #3 and #4 for how to make a left hand basic knot, and Diagrams #5 and #6 for how to make a right hand basic knot. Beginning on the left side with strand 1, and following Diagram #7, tie the first left hand double knot. Hold strand 2 tightly and knot strand 1 over and under strand 2. Pull strand 1 to the left to tighten. Repeat to make a double knot.

For second knot, follow Diagram #11. Hold strand 3 tightly and knot strand 1 over and under strand 3. Pull strand 1 to the left to tighten and repeat to make a double knot.

The next 3 knots will be right hand basic double knots. Beginning on the right side, and following Diagram #12, hold strand 5 tightly and knot strand 6 over and under strand 5. Pull strand 6 to the right to tighten and repeat to make a double knot. For the fourth knot, hold strand 4 tightly and knot strand 6 over and under strand 4. Pull strand 6 to the right to straighten. Refer to Diagram #13. Tie the middle strands together using a right hand basic knot to complete the first row. Refer to Diagram #14.

To begin the second row, start with outside strands and work toward the center. Repeat until the Bracelet is about 7 in. (18 cm) long, or desired length to fit your wrist.

## **FINISHING**

Divide strands into 2 groups of 3 strands each. Braid one group of strands for about 3 in. (7.5 cm). Knot ends and trim. Repeat for second group of strands. Untape Bracelet from table. To wear Bracelet, knot braids through beginning loop.
