NOTES:

1. Materials are sufficient to make 2 Coasters.
2. Squares of plastic canvas are cut and embroidered using simple stitches, then a felt backing is glued on to make each Coaster.
3. To embroider, thread blunt needle with a strand of indicated yarn, then follow stitch guide for how to work the stitches and follow the chart for placement of specific stitches and yarn colors.
4. As you work, be sure to keep the GLITTERSPUN® untwisted.
5. As you finish a row with one color of yarn, weave the yarn tail in and out through the stitches on the back of the plastic canvas to secure it before cutting yarn.
6. Note that rows of embroidery extend into adjoining rows of plastic canvas threads - for example, Round 2 is worked over threads 2 and 3 and 24 and 25.

COASTERS (make 2)

For each Coaster, cut a square from plastic canvas. Count the threads between the holes in the plastic canvas to cut a square 26 threads x 26 threads. Refer to chart before beginning to note that embroidery will be worked in rounds beginning at the outer edge of the plastic canvas and working towards the center.

Version 1

Note: Rounds are worked in a square around all 4 sides of the plastic canvas square.

Round 1: With A, work Overcast Stitch over one thread all the way around the square. Work an extra stitch or two at each corner to cover canvas threads.

Round 2: With B, and following chart, work Right Slanting stitch over the next 2 threads all the way around the square.

Round 3: With C, and following chart, work Right Slanting stitch over the next 2 threads all the way around the square.

Round 4: With A, work Right Slanting stitch over one thread all the way around the square.

Round 8: With C and following chart, work 4 Double Cross stitches in the center of the square (each Double Cross stitch works over 2 x 2 threads).

Round 1: With C.

Round 2: With B.

Round 3: With A.

Round 4: With C.

Round 5: With B.

Round 6: With C.
