GAUGE:

22 sts + 32 rows = about 4 in. (10 cm) in Broken Rib pattern.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

STITCH EXPLANATION:

PATTERN STITCH

Broken Rib pattern (worked over an even number of sts)

Row 1 (WS): Purl.

Row 2: *K1, p1; rep from * across.

Rep Rows 1 and 2 for Broken Rib pattern.

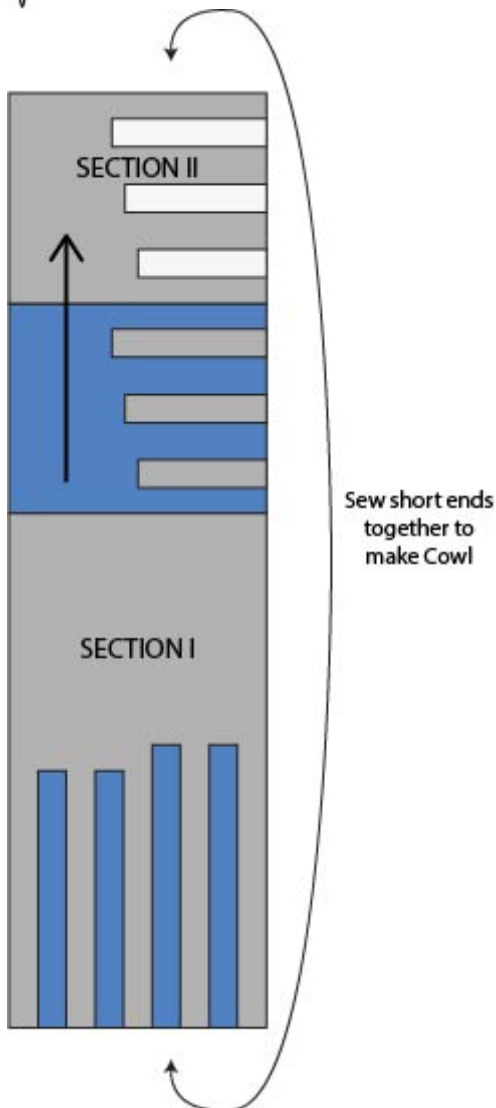

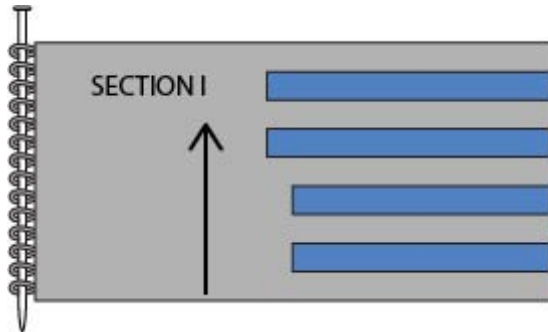

NOTES:

1. Cowl is worked in 2 sections. Stitches for the second section are picked up along one edge of the first section.
2. Both sections are worked back and forth in rows on a circular needle, just as if working on straight needles.
3. Cowl is worked in intarsia colorwork using a separate ball of yarn for each color section. Twist yarns on WS to prevent holes. Do not carry unused color(s) across WS of work.

4. Colorwork on both sections can be worked by following written instructions or by following charts. If working from charts, read RS rows from right to left and WS rows from left to right.
5. Refer to diagrams for an overview of the construction of the Cowl.
6. Short ends of finished piece are sewn tog to make Cowl, then edging is worked in rnds.
