#### GAUGE:

9 sts = about 4 in. (10 cm) over pattern.

When you match the <u>gauge</u> in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

#### STITCH EXPLANATION:

**Beg-link-dc (beginning linked dc)** Ch 3, insert hook in 2nd ch from hook and draw up a loop (2 loops on hook), insert hook in first st and draw up a loop (3 loops on hook), (yarn over and draw through 2 loops on hook) twice.

#### NOTES:

1. Scarfie is worked in 2 colors. After the first 2 rows are worked, yarn color is changed on every row.

2. The piece is turned EVERY OTHER row. One row of each color is worked with RS facing, the piece is turned, then one row of each color is worked with WS facing.

3. Changing yarn color every row and working into the ch-spaces as instructed creates the appearance of vertical stripes.

4. To change color, the old color is dropped but not cut and the new color is picked up.

5. When dropping a color, enlarge the loop or place the loop on a stitch marker to prevent it from unraveling. When instructed to pick up a dropped color, return the dropped loop to the hook and pull on the working yarn to tighten the loop onto the hook slightly.

6. The A-colored rows are worked all the way across. The B-colored rows are only worked over the center 11 sts. When working A-colored rows, take care to keep the B-colored yarn on the RS.
