GAUGE:

18 sts + 30 rows = 4 in. (10 cm) in Garter st (k every row).

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

STITCH EXPLANATION:

kfb (knit in front and back) Knit next st without removing it from left needle, then k through back of same st – 1 st increased.

Chain Stitch Thread needle and bring from back to front through crocheted piece. *Hold short length of yarn on front forming a small loop. Insert needle back into where it last came

out, do not pull tight. Bring needle back through work and through small loop; repeat from * until chain is desired length.

NOTES:

1. Scarf is worked in one piece, changing colors to create a cat face on one end and a mouse face on the other.
2. Ears, eyes and noses are worked separately and sewn to finished Scarf.
3. End with a WS row means that the last row you work should be a WS row and the next row that you are ready to work will be a RS row.
4. When you see "- 12 sts" in the instructions, this lets you know how many sts you will have at the end of that specific row.
