GAUGE:

15 sts + 30 rows = about 4 in. (10 cm) in Garter st (k every row).
One Square = about 8 x 8 in. (20.5 x 20.5 cm).

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

NOTES:

1. Throw is made from 24 striped and mitered Squares.
2. The stripes are made by changing yarn color; the miters by working a decrease in the center of every other row.
3. The outer Squares are worked, then sts are picked up along the edges to make subsequent Squares. This reduces the amount of sewing!
4. Two side sections of 9 Squares each are worked and joined first. Then sts are picked up along an edge of one Square in each of the 2 side sections to beg inner Squares and join the side sections together. Unjoined edges between Squares and the 2 end Squares are sewn in place to complete the Throw.
5. Follow the Assembly Diagram for placement and direction of Squares.
6. With yarn in front (wyif) refers to the side of the work facing you as you work the row.
7. When slipping sts, slip as if to purl.

THROW

First Outer Section

Square 1

With A, cast on 59 sts.

Row 1 (WS): K28, k3tog tbl, place marker (pm), k27, sl 1 wyif – 57 sts.

Row 2: K to last st, slipping marker as you come to it, sl 1 wyif.

Row 3: K to 2 sts before marker, sl next 2 sts to right needle, remove marker, sl 2 sts on right needle back to left needle, k3tog tbl, replace marker, k to last st, sl 1 wyif – 55 sts.

Note: Remember to slip sts as if to purl to avoid twisting the sts.
