**GAUGE**

15 hdc = about 4 in. (10 cm)

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

**Making a Gauge Swatch**

**STITCH EXPLANATION**

**hdc2tog (hdc 2 sts together)** (Yarn over, insert hook in next st and draw up a loop) twice, yarn over and draw through all 5 loops on hook – 1 st decreased.

**NOTES:**

1. Booties are worked in the rnd.
2. Hearts are worked separately, then sewn to Booties.

Note: The following corrections have been incorporated into the pattern below. We are highlighting the corrections separately here so that if you have printed out an earlier version of the pattern you'll know what was changed.
