GAUGE:

21 1/2 sts + 32 rows = about 4 in. (10 cm) in St st (k on RS, p on WS).

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

STITCH EXPLANATION:

M1 (make 1) An increase worked by lifting the horizontal strand lying between needles and placing it onto the left needle. Knit this new stitch through the back loop – 1 st increased.
M1P (make 1 st as if to purl) An increase worked by lifting the horizontal strand lying between the needles and placing it onto the left needle. Purl this new stitch through the back loop – 1 st increased.

Row 1: K1, *p1, k1; rep from * to end of row.
Row 2: K the knit sts and p the purl sts.

NOTES:

1. Pullover is worked in 4 pieces: Back, Front, and 2 Sleeves.
2. Back and Front are worked in intarsia colorwork.
3. When working intarsia, do not carry yarn across WS of work between color changes, use a separate ball for each section of color. Twist yarns on WS to prevent holes.
4. Back and Front are each worked in 3 sections: center panel, left and right side panels. Side panels are worked from sts picked up along the sides of the center panel.
5. Sleeves are worked horizontally, changing yarn color to make stripes.
