When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

COWL

Chain 27.

Row 1: Single crochet in 2nd chain from hook and in each chain across - 26 single crochet.

Row 2: Chain 1, turn, working in back loops only, single crochet in each single crochet across.

Repeat Row 2 until piece measures about 33 in. (84 cm) from beginning. Do not fasten off. Fold piece in half, matching last row to first row.

Joining Row: Working through both layers, slip stitch in each stitch across to join piece into a ring. Fasten off. **Note:** If you prefer, you can sew ends of piece together.

FINISHING

Weave in ends.
