GAUGE:

23 sts + 36 rows = about 4 in. (10 cm) in Seed st.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

STITCH EXPLANATION:

M1 (make 1) An increase worked by lifting the horizontal strand lying between needles and placing it onto left needle. Knit this new stitch through the back loop – 1 st increased.

FINISHING

Edging

From WS, pick up and knit 182 (188, 194) sts evenly spaced along left Front edge, 38 (42, 46) sts across Back neck edge, and 182 (188, 194) sts along right Front edge – 402 (418, 434) sts.

Work in Reverse St st (p on RS, k on WS) for 1 in. (2.5 cm).

Note: After working a few rows, you may decide that your band would look better if you have picked up more or fewer sts than the amount indicated for your size. Since a well-balanced band adds a beautiful finishing touch to your Cardigan, we strongly recommend that if you've any doubts, simply pull out the sts and adjust the number that you pick up. The pattern instructions reflect the number that the designer picked up – but everyone's knitting is a bit different.

Bind off loosely.

Allow the edging to roll to RS, and sew bound off edge to RS of Cardigan.

Weave in ends.
