GAUGE:

1 ripple = about 4 1/4 in. (11 cm) measured from peak to peak; 5 rows = 4 in. (10 cm) in Ripple pattern.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

STITCH EXPLANATION:

dc3tog (dc 3 sts together) (Yarn over, insert hook in next st and draw up a loop, yarn over, draw through 2 loops) 3 times, yarn over and draw through all 4 loops on hook – 2 sts decreased.

NOTES:

1. The Poncho is made from a simple rectangle that is folded and seamed.

2. The rectangle is worked in a ripple crochet pattern. The ripple pattern is easy to do, but it's important to remember that you may need to work several rows before the ripple pattern becomes clear.
3. The ripple pattern consists of alternating peaks and valleys. Take care to keep the peaks and valleys of each row aligned. 3 dc are worked into the center 2 dc of peaks and two dc3tog are worked centered over valleys.
4. Yarn color is changed to make stripes. To change yarn color, work last st of old color to last yarn over. Yarn over with new color and draw through all loops to complete st. Proceed with new color. Fasten off old color.
5. Collar is worked onto the Poncho.
