GAUGE:

26 sts = about 4 in. (10 cm) over Rows 1-12, slightly stretched

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

NOTES:

1. Hat and Scarf are worked in a rib pattern, changing color to create stripes.
2. When changing color, the color change row is knit, rather than working in the K2, p2 Rib. This creates a smooth color change.

3. Do not cut yarn between color changes, simply carry unused color along side edge of work until next needed.
4. Hat is worked back and forth in rows and then seamed.
