GAUGE:

1 Motif = about 6 in. (15 cm) across.

When you match the gauge in a pattern, your project will be the size specified in the pattern and the materials specified in the pattern will be sufficient. The needle or hook size called for in the pattern is based on what the designer used, but it is not unusual for gauge to vary from person to person. If it takes you fewer stitches and rows to make your swatch, try using a smaller size hook or needles; if more stitches and rows, try a larger size hook or needles.

Making a Gauge Swatch

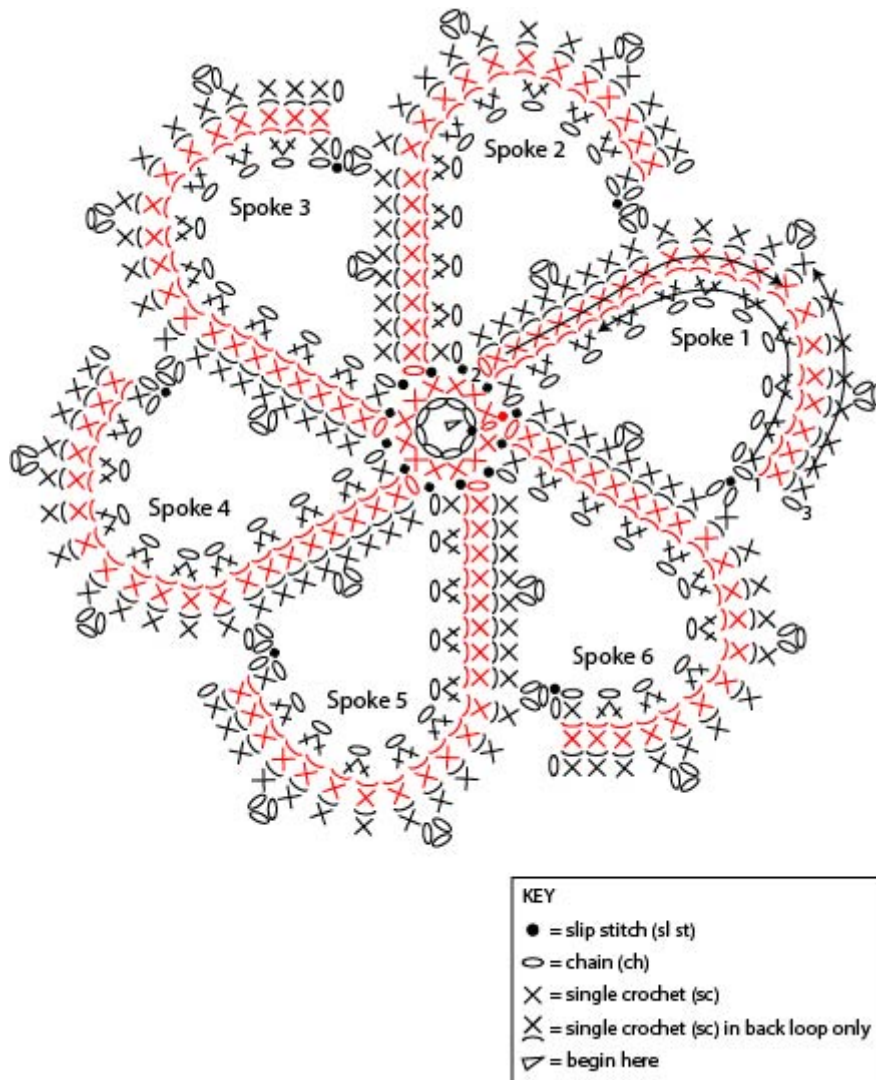

STITCH EXPLANATION:

rev sc (reverse single crochet) Single crochet worked from left to right (right to left, if left-handed). Insert hook into next stitch to the right (left), under loop on hook, and draw up a loop. Yarn over and draw through all loops on hook.

NOTES:

1. 12 Full Motifs and 5 Half Motifs are worked separately, then sewn together following a diagram to make the Capelet.
2. We've provided a stitch diagram to help you make the Motifs.
3. Edging is worked around the outside edge of the Capelet.

4. Rhinestone beads are sewn onto Capelet with sewing needle and thread.
